The Safest Tanks in Motion

Welcome to the 2020 Catalogue

Dear Customer,

Welcome to the 2020 edition of TTI's comprehensive product catalogue. Whether you're a long-standing customer of TTI or perhaps considering your first purchase, we would like to warmly invite you to browse through this informative new guide.

At TTI we believe in more than just our products. We believe in partnering with our Local Active Dealers (LAD's) to enhance their reputation in their community. This is done through the products we supply, the knowledge we seek to impart, the merchandising we provide and the marketing we offer, all contributing towards a winning combination!

Over the past 12 months we have channelled significant resource into getting out into the field with our end users and understanding exactly how our products are being used, and where they can be refined and improved. The feedback has been invaluable, and we trust you can see the results continuing to be reflected in the presentation and functionality of our range.

Thank you again, we sincerely look forward to working with you.

Kind Regards,

Ross Büchner | General Manager

People are human! At TTi we believe that anyone can copy the products we manufacture, the marketing we produce, the facilities we have, but **nobody can copy the people that make the company what it is.** Our people and their families mean everything to us and always will.

TTi invests heavily in the personal and professional development of its staff through engaging the services of expert trainers across many fields. We always believe we can learn more!

- » NEW! Fully enclosed frame design minimizes pinch points
- » Manual override button and isolation switch
- » Tough powder-coated finish

CARTAGE TANK

TANKS

2020
Product Catalogue

Differences between AquaMove™ and AquaTrans™

There is nothing much in the way of a rotationally moulded polyethylene water cartage tank that compares with the TTI AquaTrans tank range. A **really heavy-duty tank with a 20-year warranty** is just part of the deal. The **Aquatrans is a premium product** and is in a league of its own. This is the bees' knees!

Without any compromise, the AquaMove range has been introduced to be a player in the price sensitive end of the market. With a slightly lighter design than the AquaTrans and a **15-year warranty, this is the everyday range.**

What makes TTI's Tanks Unique?

More than 20 years specialising in the manufacture of quality water cartage tanks. We do not dilute our focus by producing storage tanks and other roto-moulded products.

Our tanks incorporate detailed engineering design in the blending of specific radii to produce a better finish

The DNA of every TTI tank is recorded. This combined with rigorous quality checks including ultrasound thickness testing and laboratory impact testing ensures that our clients are getting the very best available tanks on the Australian market, to give you peace of mind

Extra thick tank structure with a load capacity of up to an enormous 1.3 Specific Gravity on all on all AquaTrans

Exclusive, specially developed and formulated polyethylene incorporating our "Tuff-Flex Molecular Technology" ideal for safe & secure transporting

Easy to read calibration on side wall of tank for quick measurement of contents (when sight level tube fitted on tank under 6000 litres)

Specifically designed footings to enable easy mounting to any flat surface - mounting pins included.

ORDER with **LIQUID LOCKER** to reduce surge & INCREASE STABILITY

All tanks are cooked to temperature, not time

UV stabilised to withstand the elements

Free outlet fitted with every tank

SureFit Tank securing kit available for all water cartage tanks

Water & Foam TANKS

Impact **resistant**

Space **saving** profile

UV **stabilised** for years of use

Moulded inserts for mounting

Tanks can be **drilled and tapped** to accept fittings

Extra thick structure for handling pressure up to 4 psi

LiquidLocker™

Eliminate Surge In Your Tank

LiquidLocker™ Ø380mm
Anti-Surge Baffling Safety System
1 Ball per 33 Litres (1:33)
CODE: LLB380
\$8.50*

Complies with load restraint guide performance standards

Reduces fluid movement for improved load stability during transit

Suitable for use with all tanks - poly, steel, fibreglass, aluminium, etc.

Food grade quality material - suitable for potable water

Liquid lockers can be used with water, diesel and other liquids

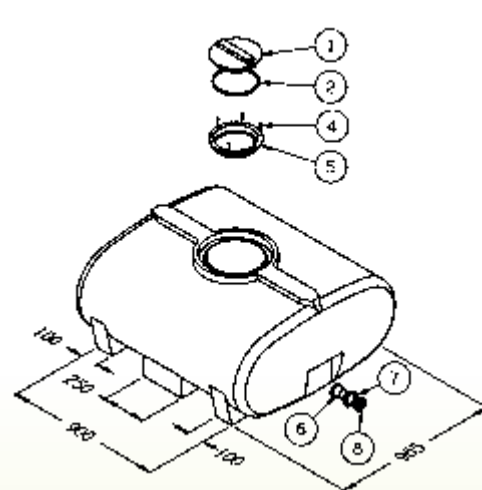

Simple to install - Balls are supplied in two halves and require a 'Push n Click' and inserting through lid into tank

TansLoc™

Heavy-Duty Free Standing Fully Drainable Modular Tank System

Free standing design allows for mounting to flat deck truck/trailer. Unique 2 x 6" connections between modules for even filling/drainage. Fully baffled every 3000 Litres to minimise surge (optional liquid lockers). Low profile design for improved safety

With Steel Frame & 6" Connections

SUREFIT RELIABLE AND SECURE PIN MOUNTING SYSTEM

POSITIVE BOLT SYSTEM ALLOWS FLEX AND STRONG INTERLOCKING BETWEEN MODULES

ORDER with LIQUID LOCKERS to reduce surge & INCREASE STABILITY

Modular Tanks

- Expandable Capacity
- Drain Independently
- Low profile design
- 2 x 6" connections
- improved safety

InterLoc™

Fully Drainable Modular Tank System

Fully Baffled (Every 2500 litres)

Exclusive use of polyethylene eliminates rust problems and significantly reduces weight resulting in increased payload and durability

The Answer to Your Chemical Transport Needs

Needing to **cart different chemicals** in one load? Read on... Modules can be plumbed to **drain independently or together!**

- No Rust ✓
- Expandable Tank Capacity ✓
- Large Range of Sizes ✓
- Proven Mount System ✓

Drainable Tanks

Have the most **extraordinary impact-resistant** qualities and are impervious to the toughest conditions

Incorporates in-built **Tuff-Flex technology** to allow real flex to easily handle any work environment

SumpTrans™ Fully-Drainable Chemical Tanks

TTi's SumpTrans™ Tank use specially blended poly-ethylene to handle the broadest range of liquids possible from plain water to the harshest chemicals – ask for a copy of our compatibility chart!

*Prices Include GST | See **page 110** for freight costs

What to look for When Selecting a Spray Tank

- ✓ **Smooth-walled interior** design incorporating a fully integrated sump that ensures complete evacuation and decontamination of the tank to maximise liquid usage and simplify cleaning
- ✓ Are manufactured to dual Australian Standards (AS2070:1999 and AS4766:2006) making TTi's of the **highest quality, toughest & most durable tank** on the market
- ✓ Include a **positive draining tank base with sump** providing a flooded suction regardless of terrain
- ✓ Are **impervious to most chemicals**
- ✓ **Heavy-duty tanks** with load rating up to 1.3 Specific Gravity (SG)
- ✓ **Australian made** for Australian conditions
- ✓ **20-year warranty** - buy with confidence

Get the Tank in Your Corporate COLOUR see page12

Note: Tanks not mounted in **accordance with our specifications** may void warranty

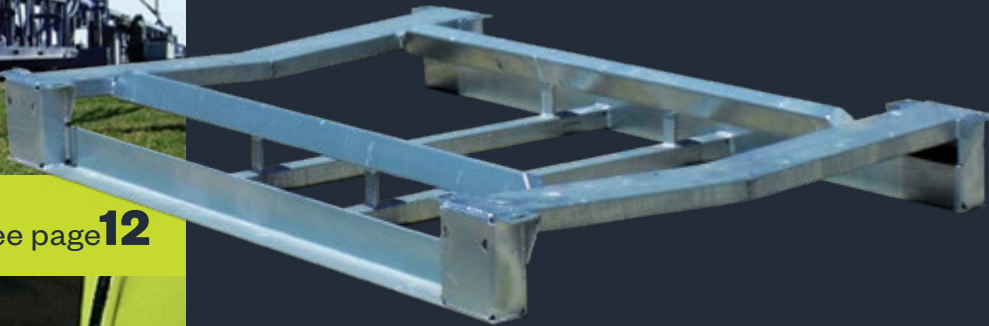

Chemical Tanks

Tank Frames

All spray tanks **require a steel mounting frame** to give sumps clearance for access.

Thicker wall steel coupled with our **hot-dip galvanised** process provides real toughness for a long useful life.

Industrial Elite™ Sprayers

Multiple Uses Across Many Industries

These special sprayers are amongst the toughest on the market, and can be used safely in a wide variety of situations and conditions.

- » Made of special, high resistance materials for use with various chemicals
- » Viton seals for excellent chemical resistance and durability
- » See liquid level at a glance with tank graduations
- » Pressure safety valve ensures sprayer is protected from over pressurisation

Ideal for:

- Truck Washing
- Brick Cleaning
- Carpet Cleaning
- Wallpaper Stripping
- Animal Husbandry
- Amenity Cleaning
- Disinfecting
- Degreasing

Home Garden Spray Lances

Add any of these
to your versatile
or telescopic lances

Versatile Lance

- » Lightweight all-purpose lance
- » Virtually unbreakable shaft
- » Adjustable spray nozzle
- » Overall length: 760mm
- » Maximum pressure: 10 bar
- » Choose from a large range of compatible accessories
- » 10mm hosetail

Versatile Lance
with 10mm Hose Tail
CODE: AHL002T
\$60*

Nozzle Replacement
CODE: CGP726
\$13*

Economy Lance

- » Lightweight chromed aluminium
- » Adjustable spray nozzle
- » Filter in handle
- » 10mm hose barb connection
- » 850mm overall length

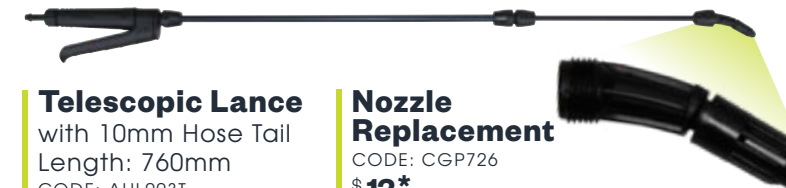

Economy Lance
with 10mm Hose Barb
Length: 850mm
CODE: AHL009
\$42*

Nozzle Replacement
CODE: CPLP009N
\$11*

Telescopic Lance

- » Lightweight lance with long reach for trees and bushes
- » Very easily adjusted
- » Maximum pressure: 10 bar (145 psi)
- » Overall length: from 710 to 1150mm
- » Compatible with Inter accessories as shown
- » 10mm hosetail

Telescopic Lance
with 10mm Hose Tail
Length: 760mm
CODE: AHL003T
\$93*

Nozzle Replacement
CODE: CGP726
\$13*

Spray Booms

- » Three boom types to choose from to speed up your ground coverage.
- » Lightweight for ease of use.

Telescopic Lance
Nozzle Boom
CODE: ATA00RF
\$72*

Quadruple Nozzle Boom
with Cone/Fan Spray Nozzles 1.5m
CODE: ATA00EC (CONE) / ATA00EF (FUN)
\$98* / \$113*

Spray Hoods

- » Hit your target every time without collateral damage, with the Inter Elite Spray Hoods.

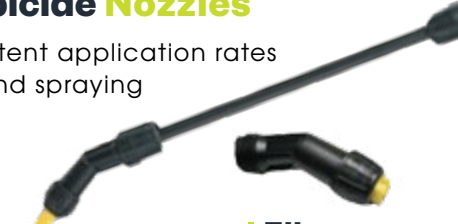

Conical Hood
CODE: ATA00C

Spray Guns

Heavy Duty Pistol Grip

- » All metal construction – stainless steel, aluminium & brass
- » High pressure, long range spray gun
- » Teflon seal
- » Overall Length: 180mm
- » Easily adjustable spray pattern
- » Max. pressure: 55 bar (800psi)
- » Max. flow: 15 L/min (580psi) with 3mm nozzle

Pistol Grip Spray Gun
CODE: AHG104ST
\$217*

Spot 300 Lance

- » Heavy Duty Spot Spray Gun
- » Trigger adjustable spray pattern with lock
- » Max pressure: 40 bar (580psi)
- » Overall length: 300mm

Spot 300 Lance
CODE: AHG105ST
\$225*

Top Gun

- » High pressure, long range, multipurpose spray gun
- » Front handgrip allows quick spray pattern selection
- » Fitted with trigger lock and ½" swivel inlet
- » Overall length: 700mm
- » Max range: 25m @ 50bar
- » Max pressure: 60 bar (870psi)
- » Max flow rate: 135 L/min

Top Gun
CODE: AHG107ST
\$333*

PowerJet Spray Guns

Simple & effective operating system using stainless steel ball & seat & brass housing

Note: (Standard on Professional Sprayers)

- » Durable, dependable spray gun for all spraying applications
- » Adjustable spray nozzle
- » Overall length: 700mm
- » Maximum pressure: 20Bar 300psi

Long Lance
Overall length: 840mm
With 620mm extension
CODE: AHG111ST
\$175*

Standard on Professional Sprayer
CODE: AHG110ST
\$152*

Powerjet Spray Gun

Overall length: 475mm
Fitted with hose swivel

Powerjet Spray Gun

RapidJet Spray Gun

- » Ergonomic spray gun with long reach
- » Easily adjustable brass nozzle for a variety of spray patterns
- » Maximum pressure: 17 bar (250 psi)
- » Max. flow rate: 26 L/min
- » Overall length: 740mm
- » 10mm hose barb

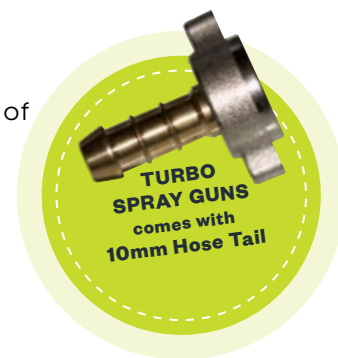

RapidJet Spray Gun
CODE: AHG112T
\$102*

Turbo Spray Gun

- » Great value multipurpose spray gun
- » One hand operation for easy pattern adjustment + on/off trigger
- » Adjustable turbo atomiser
- » Supplied with 10mm hose tail
- » Max pressure 360psi
- » Overall length 445mm

Turbo Spray Gun
CODE: AHG101T
\$113*

Turbo 400 Spray Gun

- » Professional multipurpose spray gun with Viton seals
- » One hand operation for easy pattern adjustment and on/off trigger
- » Adjustable turbo atomiser
- » Comes with swivel & 10mm hose tail
- » Max pressure: 50 bar (725psi)
- » Overall length: 400mm

Turbo 400 Spray Gun
CODE: AHG102ST
\$189*

Multi-Purpose Spray Gun

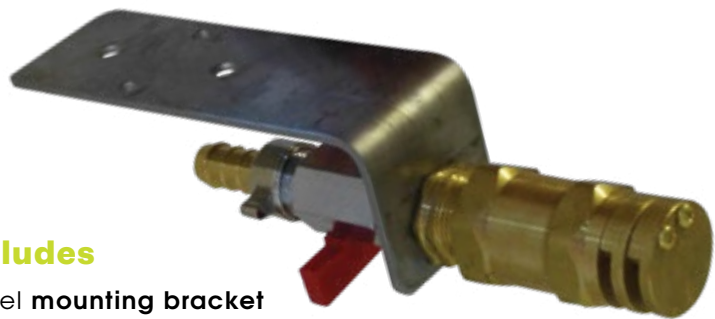

- » Professional multipurpose high pressure spray gun with Viton seals
- » Adjustable turbo atomiser for full range of spray requirements from straight stream to soft atomised cone spray position
- » Metal handle & trigger guard favoured by many operators
- » Swivel & 10mm hose tail supplied
- » Max pressure: 50 bar (725psi)
- » Overall length: 400mm

Multi-Purpose Spray Gun
CODE: AHG103ST
\$202*

Brass Boomless Nozzle Kits
Spread Your Spray Further

- Features**
- » 4 sizes to choose from
 - » Use with **ATV, 3PL** or **ute** sprayers
 - » Can be used as **180° swath** or **90° swath** by swapping nozzle plates
 - » Ideal for **rough country spraying & locust control**
 - » **Optimum mounting height** between 0.5m & 1.0m above ground

- Includes**
- » Steel **mounting bracket**
 - » **On/Off tap** with ½" Male BSP fitting
 - » Can be easily changed from **one side to two side spraying**

AIXR TECHNOLOGIES TeeJet® XR Air Induction

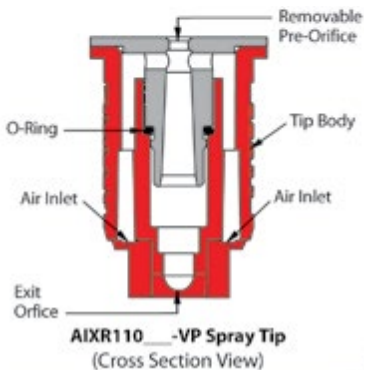

Flat Spray Tips

110° wide, tapered **flat spray angle** with air induction technology offers better drift management

Made of a **two piece UHMWPE polymer construction with VisiFlo®** colour-coding. UHMPE provides excellent chemical resistance, including acids, exceptional wear life

Depending on the chemical, produces large air-filled drops through a **Venturi air aspirator**

Available in **seven tip capacities** with a wide operating pressure range: **15–90 PSI (1–6 bar)**

VisiFlo® Air Induction

Angle Flat Spray Tips

Tapered edge wide angle flat spray pattern for uniform coverage in broadcast spraying Large, **rounded internal passage** to minimize clogging

Excellent **resistance to corrosive solutions**

Superior wear characteristics

Larger droplets for less drift; **15–90 PSI (1–6 bar)**

Applications

Herbicides, fungicides and insecticides

Turbo® 2, 4 - D Compliant

Twin Flat Spray Tips

110° wide angle, air induction, **tapered flat spray tip pattern** based on the **patented outlet orifice design** of the original Turbo TeeJet® nozzle

Patented orifice design provides large, round passages to minimize plugging.

Depending on the chemical, produces large air-filled drops through a **Venturi air aspirator** resulting in less drift

Applications

Herbicides, fungicides and insecticides

Diesel Transfer Units

DieselCaptain™

Large Capacity Tanks

Your Refueling Partner!

These **contractor quality units** have been designed to withstand the most demanding conditions in Australia and around the world. The **extra strong tank wall provides protection** against rough treatment.

- » Fitted with Liquid Locker Safety System to eliminate surge and improve safety
- » Large pump compartment protects pump and hose from theft and the weather
- » Choice of 45L/min and 60L/min pumps
- » 6m of delivery hose for extra long reach
- » Unique breather design prevents diesel from splashing out of the tank.

HEAR WHAT THEY SAY!

“ Highly recommend one of these Tti units AquaPath™ to anyone in the civil industry.

Peter Atkinson
Bulldog Earthmoving
Civil Contractor

“ Very easy to take off the truck for something else if we're not using the tank. We've got six AquaPath™ units across the company. They're very versatile, easy to fill-up and make it a lot easier on-site

Michael Hanly
ACE Contractors Group
Civil and Landscaping

“ Highly recommend Tti, I couldnt recommend them any more, they always have the after sales service, and will hand deliver the unit! You cant ask for any better service!

Niel and Gareth
Regal Innovations
Civil and Landscaping

Water Cart Trailers

What Makes a FirePatrol15™ Unique?

Perfect for small civil projects and any other application for getting... "water to where you need it."

UV stabilised **lightweight poly tank** fitted with **liquid locker Safety System**

Rear pump plate ensures operator safety. Eliminates chances of operator being trapped between vehicle and trailer

Large 50mm solid axle with eye-eye springs and 6-stud hubs

Extra gussets for added strength

Filled in **chequer plate mudguards** prevent road grime flicking onto tank

Reinforced A-Frame drawbar. 100 x 50mm RHS steel

Unique tank positioning distributes weight evenly when empty and full

Large 15" wheels with Sunraysia rims ensures smooth towing

We Are an **Approved VicRoads Trailer Registration Dealer!**

Standard sprung axle farm trailer **with no brakes or** on road model fully equipped **with brakes and lights**

DAVEY
EQUIPMENT

Storm™ Civil Spec Water Truck

Designed to withstand the harshest of conditions, the Storm Chassis Mounted Truck will deliver greater efficiencies when applying water on site.

Capacity Options: **13,000 & 15,000** Litres

From **\$57,000** Ex GST
Truck not included

Now Featuring!

10080 XHD Water Pump

The 10080 XHD Series water pump is designed and manufactured in Australia specifically for water trucks. 10080XHD pumps offer optimum performance for dust suppression applications.

A robust design ensures maximum service life in the harshest conditions.

Now Featuring!

TouchStream Technology

Unlike hydraulic driven water pumps, where water flow varies with engine rpm, TST technology delivers constant water flow, regardless of the RPM.

The advantages are reduced wear and tear on both pump and truck, significant fuel savings and constant water flow.

Note: Only with Hydraulic Driven Pumps

Cascade™ Landscape Spec Water Truck

The ultimate landscape spec water truck! This purpose built water truck is designed to save watering time by being more accurate, simple to use and easy to operate.
